GIVES $3,000 TO THE TEMPLE

Grand Lodge of Iowa Follows Example of Michigan.

30 IN ROLL OF HONOR

Interest in Memorial to George Washington Given Great Impetus in Every Section of Country.

Following the example of the Grand Lodge of Michigan which was the first grand lodge of Masons to make an appropriation for the erection of the Masonic temple in this city, in honor of the memory of George Washington, the first master of Alexandria-Washington Lodge No. 22, A. F. and A. M., the grand lodge of Iowa, at its annual meeting held in Des Moines on June 11th, appropriated the sum of $3,000 to the fund for the temple.

The action of the Iowa grand lodge followed the report of George H. Schoonover, deputy grand master, who was a delegate to Alexandria last February when the annual meeting of the George Washington Masonic Memorial Association was held.

In addition to the contribution from the grand lodge Mr. Schoonover has written to Charles H. Callahan, chairman of the local memorial committee that he will secure by the next meeting of the association thirty members of the roll of honor of the association who will each contribute the sum of $100 to the temple.

The action of the Iowa Grand Lodge in following so closely the generous donation of $5,000 by Michigan is evidence that the interest in the Masonic memorial is being aroused to such an extent in every part of the country that the temple is now assured. Such encouraging reports are being received that make local Masons confident that by next February, when the next meting of the association is held here, consideration of the plans for the building will be commenced.

Splendid progress is being made in the sale of "Washington, the Man and the Mason," written by Mr. Callahan which is being sold for the benefit of the fund.

NEEDED SHOWERS PROMISED

Weather Bureau's Welcome Forecast for the Week.

Washington June 15.—Following is the weather forecast for the forthcoming week:

Unsettled, showery weather will prevail at the beginning of the week from the Missouri Valley eastward, probably continuing Tuesday in the Atlantic districts. Occasional local thundershowers are also probable in the South Atlantic States. Othewise generally fair weather is indicated during the week, except that it is likely to become unsettled toward the end of the week over the extreme Northwest, which will probably be covered by a disturbance by that time.

Temperature will not change materially in the South. Over the central districts they will be normal or a little below while over the East and North they will be somewhat low for the season with a recovery to warmer conditions over the Northwest after the middle of the week.

WOMAN CHANGING INTO A MAN.

Paris, June 15.—The professors and surgeons of the French Academy of Sciences have been confronted with a remarkable case of what is known as "virilism."

Professor Tuffer, an eminent Parisian surgeon, has presented a woman of 62 years whose face and hands have become those of a man.

When she was 40 years old, the woman was attacked with an extraordinary hypertrophy of certain glands and since then her whole being has changed. Her biceps have attained the strength of a healthy man's biceps, her shoulders have broadened and she has become pecularily muscular.

NEWS OF THE DAY

Upward of 20,000 cars will be needed to transport the 1914 wheat crop from the Oklahoma fields to the markets, according to estimates of the freight agents, and all the railroads are making preparations for it.

With $27,000 tucked away in a hidden pocket of his coat the body of F. F. Ferry, a bachelor hermit, was found by the side of a highway near Carthage, Miss. His neighbors believed that he was poor.

Theodore Roosevelt, 3d. Colonel Roosevelt's first grandson to bear the family name, was born yesterday at the home of his parents, Mr. and Mrs. Theodore Roosevelt, Jr., in New York.

Theodore Jr., eldest son of the former President, married Miss Eleanor R. Alexander, June 20, 1910. Their first child, a daughter, was born August 17, 1911. Mrs. Richard Derby, who was Miss Ethel Roosevelt, also has a son.

Admiral Frank F. Fletcher, the hero of Vera Cruz, yesterday was designated to succeed Admiral Charles J. Badger as commander-in-chief of the Atlantic fleet. Admiral Fletcher is now in command of the first division of the fleet. The order becomes effective when Admiral Badger goes on the retired list.

With a jagged wound, twenty-five feet long and twelve feet deep in her port bow, the American liner reached New York yesterday after her collission with German steamship Pretoria, 400 miles east of the Ambrose Light early Saturday. The Pretoria's port anchor was embedded firmly in the mass of torn and crumpled steel, and four feet of the teakwood railing beneath the navigating bridge was badly splintered. Although the passengers were inclined to blame the Pretoria for the accident, which came perilously near being a repetition of the Empress of Ireland disaster, Captain W. J. Roberts, refused to offer any opinion on the matter.

Armed with two big revolvers which it is said he intended to use on his wife, from whom he is separated, Albert Hawkins, a Baltimore negro, shot up La Plata, Md., in true Western fashion shortly after 1 o'clock yesterday morning. The negro engaged in a pistol duel with Constable Hampton Cox, directly in front of the Hotel Willis, and out of eight shots that were aimed at the minion of the law three bullets passed between Cox's left arm and his left ribs and another grazed his shoulder. Hawkins was shot twice below the waist and is now locked up in jail. Some of the residents have threatened to take the law into their own hands, but the jail is well guarded by deputy sheriffs.

A bomb was exploded in St. George's Church, Hanover square, London, last night. There is evidence to show that the explosion was the work of suffragettes, and, coming so close upon the bomb outrage in Westminster Abbey, the desecration of this famous edifice has increased alarm as to how far the militant women intend to go.

Mrs. Charlotte Dailey, a former vice regent of the D. A. R. in Washington, and one of the wealthiest and most prominent society women of Washington, was found dead shortly before noon yesterday in a bedroom of her home at 2200 Twentieth street northwest. A gas tube attached to a chandelier fixture on a nearby table was fastened in her mouth, the current having been turned on. Mrs. Dailey, who was 60 years old, was, it is said, a victim of neurasthenia.

Three-year-old Elizabeth Sisson, daughter of Roscoe Sisson, engineer in charge of National Park Seminary, was burned to death last night when a fire consumed the Sisson home at Forest Glen, Md. In an effort to save his own home adjoining and to lend what aid he could in subduing the flames, Peter Brown, a young son of Edward Brown, fell from the roof of his home and dislocated his shoulder. The injury was believed last night not to be serious. The fire in the Sisson home started at 9 o'clock when a lamp exploded in an upper room of the home, where Aubry Sisson, a 6-year-old son, was preparing to retire for the night.

GOVERNOR MAY SEND SOLDIERS

Conditions in Butte, Mont., Becoming More Alarming Hourly.

10 COMPANIES READY

Rioting by Seceders from American Federation of Labor—Police Acknowledge They Are Helpless.

Butte, Mont., June 15.—With ten companies of militia throughout Montana held in readiness to rush here at a moments notice, and Governor Stewart personally on the scene, a crisis is expected today in the trouble of the Western Federation of Miners, which occasioned twelve hours of rioting yesterday.

Crowds of angry seceders from the Western Federation and their sympathizers have held practically undisputed sway in Butte for thirty-six hours. The police virtually acknowledged their inability to cope with them. The authorities have not opposed the crowds to any extent and they declare this attitude prevented serious casualities.

Butte, Mont., June 15.—Rioting by seceding members of the local union of the Western Federation of Miners continued all Saturday night and yesterday, but with the announcement last night that Governor S. W. Stewart would arrive before morning to investigate the situation some resemblance of order was restored.

After dynamiting and loosing the safe of the local union, many of the 2,000 revolters against assessments and the card systems of the union continued to parade the streets.

Dynamite was exploded under the porch of the home of P. K. Sullivan, an officer of the miners' union, and the seceders vowed that a new union would be formed under leadership of the Industrious Workers of the World. When the Casep home was dynamited, Sullivan and his wife and three children escaped injury, although the window's of the house were blown out and a porch was demolished.

An attempt was made about the same time to dynamite the home of Albert Riley, president of the local miners' union.

Early in the night the safe of the Western Federation, taken from the headquarters of the union by rioters who earlier had wrecked the place and destroyed the unrecorded ballots cast in the recent election of the local union, was blown open with explosives.

The police were powerless to stop the carting away and dynamiting of the safe. Nearly 1,000 persons stood around while the seceding union men set off several charges before the safe doors gave way.

After the union's safe had been wrenched open and examined by the insurgents the latter complained to the police that one of their number had placed the rest of them in the light of thieves by decamping with $3,000 and a diamond ring which had been in the strong box of the union.

Although several hundred miners returned to work yesterday, many disorderly persons kept up riotous tactics. In the afternoon a crowd took two prisoners from the city jail and later seized a fire truck. A false alarm of fire had been turned in and the firemen tried to run the fire apparatus through the crowd.

SATURDAY BARGAINS

Next Saturday will be Bargain Saturday in Alexandria. From early morning until late at night most of the merchants of the city will offer real bargains in their respective lines. Almost every line of business will be represented in this inovation to stimulate trade during the quiet period. All of the merchants must reduce their spring and summer stocks and the residents of Alexandria, all of its suburbs, both Alexandria and Fairfax county and the surrounding towns will be able to supply their needs at a great saving.

In Friday's issue of the Gazette these merchants are going to tell the public about the bargains you can get on the following day. On Bargain Saturday the readers of the Gazette will make their dollars go farther with many of the Alexandria's most progressive merchants than any other day of the week.

Nothing that brains, push, enterprise and clever merchandising can do to make Saturday memorable in the shopping annals of the city has been overlooked. Shrewd buyers will act accordingly.

To assist the merchants in making Bargain Saturday the success it undoubtedly will attain, 2,000 extra copies of the Gazette will be printed and circulated next Friday evening. That issue will contain all of the advertisements and the bargains to be secured the next day. The extra copies will be distributed to all homes in the city not already receiving the paper, to all homes in Rosemont and suburbs as far as St. Elmo, to all farmers in Fairfax and Alexandria counties and to homes in the surrounding towns. The effort will be made to draw all trade possible to the city.

Advertising copy for this Bargain Saturday edition must be at the Gazette office not later than Wednesday 6 p. m. to insure the best available position and composition.

SEARCHING FOR REBEL ENVOYS

Said to Be at Niagara Falls But Cannot be Found.

ANOTHER HITCH IN PLANS

Mexican Delegates Disappointed Over Attitude of U. S. on Selecting Provisional President.

Niagara Falls, Ont., June 15.—Although Sunday was a day of absolute rest for the mediators and delegates, the others who are here attending the conference had a busy time in searching the towns, besides the river, for the Carranza delegates.

It has been persistently reported that two representatives of the rebel chief are in Niagara Falls, but a careful search of all the hotels, both on the Canadian and the American side, has failed to reveal their presence.

Meanwhile the mediators have not changed their attitude regarding the official participation of the rebel chief in the conferences. If the delegates arrive, however, they will probably be admitted to informal "conversations" with the three South American diplomats.

Persons who are close to the three Huerta representatives declared that the United States government will have to swing its support to other men than the Americans now favor for the provisional presidency if these negotiations are to be successful. The Mexican delegates themselves are said to be sorely disappointed and greatly disgusted over the attitude of the Wilson administration in the matter.

No precise information can be obtained regarding the names mentioned, but persons who are close to the delegates said that the names of Louis Cabrera and Iglesias Calderon have both been mentioned prominently by the Americans.

It is not believed, however, that the intention was to give to either of these two men the provisional presidency, but it is known that the plan of the Washington government is to have not only the provisional president, but the members of his cabinet seelcted at this conference.

Jose Vasconclos is another name heard in discussion, but few of the well informed believe that he is being seriously considered.

Rafael Zubaran Capmany, who is now in Washington representing General Carranza, was heard of for the first time in connection with the projected slate of Mexico. Zubaran has been Carranza's chief aide since the leader left the state of Coahuila, of which he was governor under Madero, to begin his revolution.

Meanwhile the American delegates have been in constant communication with Washington, and it is still hoped that they will be able to induce the Wilson administration to give some consideration to the cause of the Huertistas in the selection of a new government for the southern republic.

Lightning killed six persons and injured several others on Wandsworth common, London, yesterday, during a severe storm. Four of those killed were children. Many buildings in South London were struck by bolts.

Three men were instantly killed Saturday when the automobile in which they were riding was struck by a Lake Shore train at a crossing at Ripley, N. Y.

STANDING OF HOSPITAL FUND

Executive Committee Will Visit Washington Tonight for Funds.

$40,364.00 IS ASSURED

Score Board Today Shows Addition of $48.15 — Has Averaged Nearly $1,000 Daily in Canvass.

While today practically brings to a close the campaign of the Executive Committee in charge of raising the hospital fund, a large number of members of both the Executive Committee and the Board of Trustees have promised to visit Washington tonight in the interest of Mt. Vernon avenue, and therefore the report of the Executive Committee will not be made until tomorrow night.

The score board this morning was $35,624, an increase of $48.15, which, with the $5,000 that the city intends to give, will bring the total amount up to $40,624, an average of nearly $1,000 each day from the commencement of the campaign.

It would be most gratifying if this sum could be increased during today and tomorrow to above the $41,000 mark.

It is very gratifying to know that Alexandria will unquestionably have a modern up-to-date hospital and everyone who has contributed either by work or means, deserves and receives the heart-felt thanks, not only of the trustees, but of every citizen of Alexandria.

In mentioning those who kindly assisted in furnishing the properties for "Tatters," the fact that Messrs. Demaine & Son furnished chairs was overlooked.

BRIDEGROOM OF WEEK SHOT.

A. D. Franklin Wounded by Tenant at Appomattox.

Lynchburg, Va., June 15.—Following a disagreement, A. D. Franklin, a bridegroom of only a week, was painfully wounded in the right hand and leg with a shotgun in the hands of Taylor Woolridge, a tenant.

The shooting occurred in Appomattox county and the wounded man was brought to the Lynchburg hospital, where it was found necessary to amputate all of the fingers of the right hand except two, and the attending physician fears that he will be compelled to remove the index finger and maybe the thumb before the treatment is complete. Woolridge was arrested and placed in jail.

Milton Zalatoriff saturated his clothing with benzine, set himself on fire, and then leaped from the room of the six-story double tenement house at 745 Driggs avenue, Williamsburg, N. Y., yesterday. He plunged into a narrow areaway between two buildings, and died within an hour. Zalatoriff's skull was fractured, many bones were broken, and he was burned on the hands, face and chest.

CARDINALS WIN AGAIN

Defeat Southern Railway Stars in a Good Game.

The Columbia Athletic Club, of Washington, that was booked tomeet the Cardinals in the local baseball park yesterday, failed to appear and in their place the Southern Railway Stars, composed of Forrest Thompson, pitcher; Bailey, catcher; Howard first base; Ernest Riston, second base; Snowden, 3d base; Dudley, left field; Goth, right field; Gemerry, center field and "Diamond" Riston, shortstop were the attraction.

Roy Ittner started in the box for the Cardinals and held the railroaders in check until the third inning, when a base on balls and a poor throw by a comrade netted his opponents two runs. "Bird" Trenary, who had been receiving behind the plate in fine fashion, then advanced to face his enemies and by excellent pitching and first-class support by his teammates, held them safe until the eighth inning when Snowden who had been fanned by him twice in succession before, hit for two bases and scored on a hit and wild heave.

The Cardinals were pleased to have Forrest Thompson in the "cab" for the trimmen and Nugent got on to his "steam" for two sacks; George Allensworth a safety and both were sent home on a mighty two-base drive by "Lucky" Lynn in the first inning. Nugent scored in the second on hits by Allensworth and Devers. Brown tallied in the fourth inning on hits made when two were out by Devers, Merchant and Lynn There was a merry-go-round in the lucky seventh wher Nugent, Owens, Ittner and Brown romped home in the order named. Merchant on first base, played his position in excellent style and his graceful fielding was admired by the fans. "Ruby" Brown in centre field and "Happy" Devers at shortstop, handled their chances in grand style and tagged their rivals in record time

TWO DEAD IN STREET BATTLE.

Fatal Fight Follows Taking of Banana From Store by Physician.

Milner, Ga., June 15.—Two men are dead as a result of a revolver battle on the street here today. A third and only survivor of the clash is under arrest, charged with murder.

Dr. Homer Maddox and Harry Barry, a merchant, quarreled over the alleged taking of a banana by the physician from the latter's tore, the result being that Barry was shot five times and died almost immediately. Robert Barry, a brother, appeared and asked the physician to care for the wounded man. Dr. Maddox is said to have refused, and was shot three times, dying a few hours later.

Robert Barry was arrested and taken to Zebulon, Ga., where he formally was charged with shooting and killing the physician.

LARGE DOCKET TODAY.

Nineteen Delinquents Appear Before the Police Court This Morning.

But few cases have appeared on the docket of the Police Court for some time, and they generally are of a trifling nature. There was a plethora, however, this morning, embracing nearly all phases of crime save murder.

One man was charged with a felonious assault, another with burglary, several for disorderly conduct, two were drunks and one man was charged with non-support of his family.

Two Washingtonians paid $70 for disorderly conduct on electric trains, and a man who had caused disorder on a river steamer had his case continued.

A large crowd of spectators appeared in the court for the purpose of witnessing the proceedings. All the cases were appropriately disposed of.

The body of the late Captain Frank Roberts, who died from exhaustion after having been rescued from Pamunkey Creek last Friday, were brought to this city early yesterday morning. The funeral took place this afternoon at 4 o'clock. The services were conducted by Rev. G. A. Luttrell, pastor of Trinity M. E. Church.

The deceased was captain of the pungy boat R. J. Marsh, and was engaged in the transportation of wood to this city. After the boat had been loaded in the creek, he placed an anchor in a small boat and started out in the creek for the purpose of "caging" the pungy farther out in the stream. While engaged in that work the small boat sunk under the weight of the anchor and chain and he was thrown into the water. He was unable to swim and was exhausted when rescued. After having been placed in the cabin of the schooner he expired.

'RED LIGHTS' IN ECLIPSE

Resorts on North Lee Street Close at Mid-night Last Night.

Alexandria's "red-light" district is now a thing of the past. Promptly at twelve o'clock last night the red lights which made north Lee street one of the best lighted streets in the city, were extinguished and the district which has flourished for more than half a century will soon be but a memory. There were no unseemly scenes connected with the closing of the resorts. The residents were convinced that the authorities had fully determined to drive them out of business and there was no attempt to evade the law.

Today was moving day in the district. Packers were at work boxing up the furniture and fixtures of the house. All of the women have determined to take up their residence in other cities with the exception of one proprietress who owns her propty and says that she will continue to reside on north Lee street, but will make no attempt to violate the order of the authorities. It is reported that several of the women who have made their homes on north Lee street will be married in a short time.

Several years ago a practical joker of this city crept into the segregated section one night and placed crape upon every door knob. As the hours advanced certain visitors went into the neighborhood and finding on one door the signs of mourning swayed by the night breeze moved away to another retreat. They found crape there also, as they did upon the knobs of each public house. Concluding the avenging angel had made a sudden descent upon the haunts of vice, the would-be visitors left the neighborhood immediately, believeing they had a narrow escape.

DEATH OF FORMER RESIDENT.

F. G. Swaine, For Many Years a Merchant of This City, Passes Away.

F. G. Swaine, whose critical illness had been mentioned in the Gazette, died at his home in Washington on Saturday. He was in his 73rd year. Mr. Swaine is survived by a widow and two children—J. E. Swaine, of Washington, and Mrs. Charles Howell, of this city.

In early life the deceased was a clerk in the commission house of the late Colonel Charles F. Suttle, who conducted business on the east side of Union street, between King and Prince. At the outbreak of the civil war he embarked in business under his own name on the west side of Royal street, between King and Cameron, and conducted the same for years. He subsequently removed to Washington, where he became a prominent merchant.

The interment will take place in the Methodist Protestant cemetery in this city tomorrow afternoon.

TRESPASSERS ARRESTED.

Two Youths, One Armed, Found in Box Car at Potomac Yards.

Special Officer Hugh Latham this morning found two youths in a car of a south bound Baltimore and Ohio Railroad freight train as it entered the Potomac railroad yards. He took them in custody and brought them to the station house in this city. They gave their names as John Miller and Frank Forest. The latter had a pistol in his pocket. Upon further search a brass watch was taken from one of them, a fountain pen, imitation treasury notes and sundry other articles. They also had an abundant supply of cartridges.

They carried a suit case which contained articles of clothing. The boys at first pretended they were from Richmond and were seeking work. Upon being further questioned, however, they gave their ages as eighteen and New York as their homes.

They were later conducted by Special Officer Reynolds to Alexandria county courthouse.

DISORDER ON CARS

DANGER LURKS IN CHURCHES.

The crusade which has for some time been conducted in England by suffragettes has reached a serious crisis, and at present it seems churches are in secure places for people to gather. A bomb was exploded in Westminster Abbey in London a few days ago and the historic Stone of Scone was injured. Yesterday a bomb was exploded in St. George's Church in Hanover Square, and women made a demonstration in St. Paul's Cathedral, interrupting the services and causing considerable commotion.

St. Paul's is to London what the Capitol of the United States is to Washington. It is the central point of the great English metropolis, and distances are calculated from that edifice. In its crypt are the sarcophage of Admiral Nelson and the Duke of Wellington, where the remains of many other Englishmen who have been prominent in history repose.

The Christian religion has had many ups and downs during the nineteen hundred years which have elapsed since its establishment, and if this work of vandalism continues the followers of the Nazarene may have to follow the example of the early disciples by meeting in deserted stone quarries, open fields, upon the tops of hills, in catacombs and other less prominent places than cathedrals.

While misguided men have long since abandoned the sword and people have for centuries been allowed to worship the Creator under their own vines and fig trees, it seems to have been left to the weaker sex in the twentieth century to render houses of worship unsafe.

DANGERS OF NAVIGATION.

Two weeks ago a large passenger steamer on her way to Liverpool was rammed and sunk in the St. Lawrence river while most of the passengers were asleep, nearly one thousand of whom perished, and early Saturday morning, during a dense fog off Nantucket the American liner New York barely escaped a similar fate by the dexterity of the captain who managed to manoeuvre his ship so as to avoid a fatal blow from the Hamburg-American liner Pretoria. The American liner managed to reach New York yesterday with a gaping hole in her stem.

The passengers held thanksgiving services while the steamer was passing Fire Ireland.

Notwithstanding wireless telegraphy, alleged non-sinkable steamers, lifeboats and the many other devices supposed to minimize danger at sea, the last two years have added a number of horrrs in the way of marine disaster. The terrible fate of the Titanic is still fresh in the minds of the people of the world, while the disaster in the St. Lawrence was almost as a serious a horror.

A few days ago an ocean greyhound barely escaped crashing into an iceberg off the banks of the Newfoundland, and the terrible scare to the passengers and crew of the New York Friday morning has cast a chill upon many who go down to the sea in ships.

It has been calculated that about 300,000 persons are on the Atlantic all the time, enough people to populate nearly twenty cities the size of Alexandria. They eat, sleep and have their being under Old Neptune, who sometimes gives thrilling experiences to those who invade his realms.

CHILD STRANGLES IN CHAIR

Entangled Her Neck in Stocking and Was Choked to Death.

Philadelphia, June 15.—Gaily cooing in her little chair in her home at 735 Schiller street, fifteen-onths-old Mildred McDermott fell from the chair, entanbled her neck in a stocking tied across the chair to keep her from harm and was strangled to death.

The little girl's mother was busy about her housework, and just before leaving the room she decided that before she could allow little Mildred to remain alone it was necessary to tie her in the chair.

She was not absent from the room more than twenty minutes, but when she returned little Mildred's body—lifeless—was hanging toward the floor, the neck held tightly by the stocking.

The boy has been gaining steadily in weight and now weighs 190 pounds. The boy's weight was normal until recently, when he began to take on flesh at such a rate that his parents became alarmed.

He does not appear to suffer much inconvenience and the only treatment he receives at this time consists of a strict diet.

STUNNED BY LIGHTNING

Storm Severe Along Virginia Coast, Friday.

Norfolk, Va., June 15.—The family of Sumfman Belange, a lifesaver at the Dam Neck lifesaving station, had a narrow escape from death or injury Friday afternoon when their house at Da mNeck was struck by the lightning, thunder, hail, rain and wind storm which passed over that vicinity about 5:15 o'clock.

Mr. and Mrs. Belange and family were watching the storm when a bolt of lightning struck their home. Several members of the family were stunned for a few minutes by the crash and the upper part of the residence was demolished by the bolt, but fortunately all escaped injury.

The storm was one of the most severe that has passed along the lower Virginia seacoast in several years and caused considerable damage

BOLT STRIKES YOUNG WOMAN

Miss Claudia Anderson Is Terribly Injured During Electrical Storm Near New Canton.

Arvonia, Va., June 15—In the midst of a severe electrical and windstorm which swept this section Friday afternoon, Miss Claudia Anderson, sixteen-year-old daughter of O. L. Anderson, who lives on the James River, below New Canton, was struck by lightning and most seriously injured, her condition being critical.

Miss Anderson was letting down a second-story window when a bolt of lightning struck the chimney of the house, passed down the roof, entered the window where the young woman was standing and passed down her arm and entire person, tearing the shoe entirely off her right foot, badly burning her arm and knee and marking her side at the same time rendering her unconscious

All the coaches except the last three left the track, but no passengers or other members of the crew are reported injured.

EAGLES' CONVENTION.

Will Hold Three Days Session in Richmond.

Newport News, Va., June 15.—Preparations for the entertainment of the delegates to the ninth annual convention of the Fraternal Order of Eagles, to be held in this city next Wednesday, Thursday and Friday, June 17, 18 and 19, have practically been completed by the local entertainment committee. It is thought that hundreds of the members of the feathered flock, accompanied by their families, will attend the convention, which always is a momentous occasion.

A handsome book form souvenir program has been prepared by the local and State committees. In the book is given a short history of the order, which has had a marvelous growth since its organization in Seattle, Washington, 1898.

The convention will be called to order at 10.30 o'clock Wednesday morning at the Academy of Music by Dr. Louis Loeb, chairman of the State Aerie convention committee. He will introduce Mayor B. B. Semmes, who will welcome the visitors to the city. Responses will be made by State President John W. Moore, and other State officers.

An interesting program has been prepared.

Alva Aerie, No. 871, of Alexandria, will not be represented.

PROGRESS AT HIGH SCHOOL

Literary Society and Athletic Associations Accomplish Good Results.

The Alexandria High School Literary Society has closed its first school year in a very prosperous condition. This society was formed late winter and since then has grown quite steadily until now it is one of the most interesting features of the High School curriculum. The interest of the school and its pupils in the society has been so manifest that in its one year of growth the society has been able to hold its annual declamation contest. This contest was held May 29th in the Westminster Building. The society also sent a representative to the annual declamation contest of Richmond College several months ago, but owing to an unfortunate incident of a change of dates, he was unable to compete. This was deeply regretted by the entire school, but next year the Alexandria High School hopes to stand high in the contest. The medal for debating was awarded to Ashby Bladen and the one for thet bes declaimer to Frank Johnston. All the members of the society have made great progress in both lines of public speaking during the past year.

Besides the literary progress made by the society it is at present in an excellent financial condition. The treasurer's books show a balance of $94.89 over the expenditures.

The society has successfully produced two plays, "Everystudent" and "The Princess," clearing about a hundred dollars. These same plays were again produced by the High School, and an even hundred dollars was consequently turned in to the hospital fund as the Alexandria High School's contribution.

The present officers of the society are Miss Helen Blake, president; Miss Flora Glasgow, vice-president; Miss Dolly Callahan, secretary; Ashby Bladen, treasurer, and Miss Madeline Martin, sergeant-at-arms.

Progress Made in Athletics.

The Boys' Athletic Association of the High School has also made much progress this year Although very low in funds, the association was able to carry on fairly well several branches of sport. The only one which had to be almost entirely cut out was track. During the session a new sound constitution was drawn up and put into working order. The present officers of the association are: John Wenzel, president; William Boswell, vice-president; John Reardon, secretary; and Herbert Byrne, treasurer.

The progress made by the High School in athletics was as follows:

While the football team this year did not play quite up to the standard set by last year's team, nevertheless the games played were very interesting and won and lost by close scores. The manager of the football team was Frank Johnston The team won two games and lost four, which was not so bad, considering the close scores of the contests The closest and hardest-fought game of the season was with Randolph Macon Academy, at Front Royal. This game was played as an attraction at the Fauquier County Fair, held there, and was won by Randolph-Macon on a drop kick in the last few minutes of play when it looked as though the game would surely end in a tie. The captain of the team was John Wenzel, who got so much of the characteristic fighting spirit into the team. Letters in football were awarded to Wenzel, Bitzer, Byrne, Hayes, Boswell, Duncan, Poss, S. Pohl, L. Pohl, Hayes and Johnston, manager

The funds were too low in the athletic treasury for the baseball team to finish out the entire schedule In the games played, however, three were won, three lost, and one tied. The manager of basebal lwas Robert Gulland and the captain, Eldon Raison, Baseball letters were given to Raison, Schafer, Barnett, Byrne, Bitzer, Haynes, Nalls, Swann, Poss, Wenzel, and Gulland, manager.

Basketball.

In basketball many good games were played and the team is to be highly complimented for the standard of playing it put up. The basketball manager was James Cunningham, and the captain was John Wenzel. Letters were awarded Raison, Duncan, Poss, Hayes and Cunningham, manager.

Owing to the depletion in the athletic fund made by baseball, track was mostly cut out of the High School athletics this year. Boswell and Raison, however, were sent to the track meet held in Lexington by Washington and Lee University, and they came out high. The one small meet held at Rosemont also showed good material and a great deal is hoped in this branch of athletics for the next year.

Standing of Girls' Athletic Ass'n.

The Girls' Athletic Association ended up a favorable year with the following officers: Miss Mabel Henderson, president;; Miss Helen Blake, vice-president; Miss Corinne Reardon, secretary, and Esther Mansfield, treasurer. The following officers were elected for the coming year: Miss Esther Mansfield, president; Miss Mildred Callahan, vice-president; Miss Lucille Dienelt, secretary, and Miss Dorothy Callahan, treasurer

The manager of girls' basketball was Corinne Reardon, and the captain of the team Helen Blake. Miss Madeline Martin was the manager of the tennis court.

Five men, four of them foreigners, are dead, and ten are in hospitals probably fatally injured as the result of a gas explosion, which occurred in Columbus, Ohio, yesterday in a trench in which a gang of labbrers were laying a gas main. Five other men were painfully burned. The cause of the accident has not been fully determined, but it is believed that a cap on a joint of gas pipe was blown off and that the escaping gas was ignited by a lighted cigarette.
